Advice for Children/Young People

Sometimes things can seem overwhelming, and you may feel like you are struggling to cope. You may be having a bad day, or you may find that you've been feeling this way for some time and you need support.

The important thing is not to try to cope on your own. People are there to help you.

Who can I ask for support?

- A member of your family, a friend or someone you trust
- A professional such as your GP or school teacher
- Wigan CAMHS staff on 01942 764473

Who can I talk to when no one else is around?

We know it can be difficult to pick up the phone, but there are a number of helplines that can help if you need someone to speak to when no one else is around, or if you don't feel able to speak to someone you know:

Where can I get information, support and advice?

Young Minds, Kooth and **The Mix** have various workbooks, resources and information on difficulties such as anxiety, depression and anger that contain advice and strategies to help you cope. They also have support to help you cope in a crisis.

What should I do in a crisis or emergency?

If you feel you are at risk, that you can't keep yourself safe or if you have harmed yourself, you should tell an adult and call 999 or visit your nearest accident and emergency department for immediate help.
